### Day1: Nairobi/Tsavo East National Park

Tsavo is made up of two separate parks, Tsavo East National Park and Tsavo West National Park. The A109 road Nairobi-Mombasa and a railway divides them. Tsavo East National Park is one of the oldest parks in Kenya, located South East of Kenya near the Town of Voi in the Taita-Taveta District of Coast Province, inland from the Coast, it is 13,747 sq.km. The slightly larger Tsavo East is generally flat, with dry plains across which the Galana River flows. Other features include the Yatta Plateau and Lugard Falls. Dinner and Overnight at Campsite/Lodge.

### Day2: Tsavo West National Park

Today we have a full day game drive with packed lunch provided at Tsavo West National Park. It is located in the Coast Province of Kenya covering an area of 9,065 sq.km. The park was opened in April 1948. It is more mountainous and wetter than its counterpart, with swamps, Lake Jipe and the Mzima Springs. It is known for bird life and for its large mammals e.g. black rhino, Cape buffalo, elephant, leopard, hippo and Masai lion. There are also other smaller animals that can be spotted in the park, such as the bush baby, hartebeest, lesser kudu and Maasai giraffe. Dinner and Overnight at Campsite/Lodge.

### Day3: Tsavo West National Park/Nairobi

Morning game drive then we drive back to Nairobi.

## Travel - Safety and Security Information

### Clothing

Aside of the normal clothes your probably already thought of, consider:  
 Comfortable, loose fitting, lightweight clothes.  
 Long trousers and long sleeves. To protect from mosquito's and the sun.  
 1 warm sweater might be enough. To save space  
 1 jacket for the light rains.  
 Less expensive or new clothes is a less worried mind.

### Equipment

Decide: a backpack or a suitcase?  
 When using a backpack: buy a flightbag.  
 Smartphone or a cheap simple phone with long lasting battery?  
 When bringing a smartphone, look into the many travelling apps available.  
 They are fun. Mobile internet is readily available in Kenya.  
 Power bank for extra battery life  
 Headlamp  
 Small bottles for your liquids (sunscreen, lotion, shampoo, deo etc.)  
 Small padlock (TSA)  
 A rich, hip, colourful travel guide

### Health

Vaccinations and advice from a doctor  
 Diarrhoea blocking medicine. In case of emergency  
 Malaria pills  
 Mosquito repellent. Preferably 30% DEET or more.  
 Mosquito net  
 Sunscreen

### Paperwork

Passport  
 Copy of passport  
 Visa (in passport)  
 Extra passport photo's  
 Vaccination document. Or at least: proof of yellow fever vaccine  
 ICE document with important telephone numbers and personal information

### Inclusions

Accommodation as stipulated on the itinerary  
 Meals as stipulated on the itinerary  
 Transportation in a 4 x 4 land cruiser with a pop up roof for game viewing & photography on shared basis  
 Services of a professional driver-guide

### Exclusions

All items of personal nature e.g. telephone call bills, fax/email bills  
 Insurances (Travel, Health)  
 Tipping: Recommended Hotel staff @ USD 5 & Guides @ USD 10 per diem  
 Alcoholic and non-alcoholic drinks  
 International flight and departure taxes  
 Laundry services  
 Any other item(s) not included in our itinerary  
 Visa fees  
 Excursions while on safari

## CORPORATE SOCIAL RESPONSIBILITY

Travel For Change as an organization believes that we have a moral duty of improving the living conditions of our communities. To this end we actively participate in the uplifting of the standards of women and children in the rural areas where our affiliate non profit NGO also named Travel For Change - Reg. No. OP.218/051/15-027/9879 operates.

Good health is important for the growth of children of all ages. Unfortunately in Africa it is shocking that six out of every ten children are fighting with health problems associated with food and nutrition. While many families can put food on their tables for less than US\$ 1 per day, this food is lacking the nutrients required for proper growth of children, leading to malnutrition which is very severe in some cases. As part of our Corporate Social Responsibility, Travel For Change is committed to ensuring that the children in the areas where our sister non profit NGO operates benefit from our activities. To this end, 5% of our profits go towards the feeding programs of the Community Based Organizations (CBOs) who are our associates. This program runs throughout the year, not only when school is in session, it ensures that for 365 days a year, the children under these programs have at least one wholesome and nutritious meal a day.
