Tsavo and Mara

5 days safari in Tsavo and Masai Mara

KENYA ADVENTURES AND SAFARIS

Tsavo and Mara

Tsavo West National Park

Day 1

We depart by road for Tsavo West National Park. Arrive in time for lunch then an optional afternoon or evening game drive. Tsavo west is the most visited section in Tsavo National Park, offering many attractions apart from its wildlife. The foremost is the famous Mzima Springs where up to 227.3 million liters of cool crystal clear water flows out of the ground through porous volcanic rocks. The water is believed to originate from Chuyulu Hills, via an underground river.

Dinner and overnight at campsite or lodge.

Day 2

Tsavo West is the most visited section in Tsavo National Park, offering many attractions apart from its wildlife

After breakfast, we have a full day game drive, packed lunch provided. Other interesting places to visit are the Roaring Rocks, which get their name from the wind that hurtles through them. From here there are wonderful views over Tsavo from the top of a 98m rock face; similar views can be experienced from the poachers lookout. The volcanic Chaimu Crater, less Than 200 years old and composed of black coke, is worth visiting and can be climbed if one is intersted. The area is a good place to look out for klipspringer, a small antelope that's as agile as its swahili name Mbuzi Mawe (mountain goat). In the south west corner of Tsavo west is Lake Jipe, which has the Kenyan-Tanzanian border running through it.

Dinner and overnight at campsite or lodge.

Tsavo Masai Mara

Day 3

An early morning drive to Masai Mara National Reserve, it holds on as one of the few places left on earth where wildlife still lives comparatively undisturbed, in the numbers that once roamed the plains and forests of Africa. As the northern tip of the vast Serengeti ecosystem, the Mara hosts the spectacular seasonal migration of many thousands of Wildebeest, Zebras and attendant predators. Arrive in time for lunch then have an afternoon game drive.

Masai Mara

Day 4

The Mara hosts the spectacular seasonal migration of many thousands of Wildebeest, Zebras and attendant predators. It's one of the few places where it's possible to see the big five during a morning's game drive.

After breakfast we have a full day game drive, with packed lunch provided. The reserve is well known for its black-maned lion, as well as its abundant resident wildlife and its one of the few places where it's possible to see the big five during a morning's game drive. Many of the cheetahs are so tame they seek shelter from the hot sun under one's vehicle and several even climb onto the roof to get better view of prospective prey. For the bird enthusiast, almost 500 species have been recorded: among these 16 species of eagle, plus many hawks and falcons, 6 species of vultures, 8 species of storks 4 of bustard (including the Kori bustard, the world's heaviest flying bird), and 9 species of sun birds.

Dinner and overnight at campsite or lodge.
