## DAY 1: NAIROBI

On arrival at the Jomo Kenyatta International Airport, you will be met by our representatives and transfer to the hotel Nairobi for check in, dinner and overnight stay. A haven in the city, this Nairobi hotel is ideally located for business, close to the Parliament buildings and next to Kenyatta International Convention Centre. Select from a wide range of dining options, including grilled seafood al fresco on a stunning outdoor pool terrace overlooking Uhuru Park. If exploring is your aim, a range of shopping experiences include luxury malls and Masai open air markets, or for a real taste of Africa, visit nearby Nairobi National Park. This superbly equipped hotel has all the usual leisure facilities including gymnasium, sauna, jacuzzi, Turkish bath and massage service. It also offers the outdoor pursuits of tennis, cycling and golf. However, guests who are a little more adventurous can enjoy a more exotic pastime and embark on a safari into Nairobi's National Park

## DAY 2: NAIROBI – NANYUKI

Drive to Nanyuki, arrive in time for Lunch at the camp/tented camp and check in. Nanyuki is Located on the plains of Mount Kenya, the camp features thirty-nine luxury tents, each with its own private veranda overlooking the water hole. The central Rhino Restaurant is housed in the former manager's house of this once colonial farm, and offers both regional and international cuisine. Also within the house is the Kashoggi Bar and lounge, which centres on a blazing log fire. The Waterhole Bar, built in the style of a game-viewing hide, overlooks the waterhole and offers unrivalled wildlife-watching. Host to all the members of the 'Big Five' (elephant, rhino, lion, buffalo and leopard), the conservancy has a higher wildlife-to-area ratio than any Kenyan national park and is one of only four private game conservancies to have been founded in Kenya. At the forefront of the Kenyan conservancy programme, the conservancy boasts the largest black rhino sanctuary in East Africa, hosts the only chimpanzee sanctuary in Kenya, and shelters large numbers of rare and endangered species.

## DAY 3: NANYUKI– LAKE NAKURU NATIONAL PARK

After breakfast drive south to Lake Nakuru which is the most famous of the Great Rift Valley lakes and home to a shifting population of over one million flamingos. Arrive in time for lunch at the Camp.

Lake Nakuru National Park is situated in the Rift Valley region of Kenya and comprises of the blue-green Lake Nakuru, bushy grasslands and yellow acacia woodlands, the Great Rift Valley Escarpments hills and ridges. The park's swamps and marshes are home to water birds including the famed pink flamingo and around 450 terrestrial bird species. The buffalo, white rhino, zebra, giraffe, hyena and over 56 mammal species are in abundance. Your stay is in world

## CORPORATE SOCIAL RESPONSIBILITY

Travel For Change as an organization believes that we have a moral duty of improving the living conditions of our communities. To this end we actively participate in the uplifting of the standards of women and children in the rural areas where our affiliate non profit NGO also named Travel For Change - Reg. No. OP.218/051/15-027/9879 operates.

Good health is important for the growth of children of all ages. Unfortunately in Africa it is shocking that six out of every ten children are fighting with health problems associated with food and nutrition. While many families can put food on their tables for less than US\$ 1 per day, this food is lacking the nutrients required for proper growth of children, leading to malnutrition which is very severe in some cases. As part of our Corporate Social Responsibility, Travel For Change is committed to ensuring that the children in the areas where our sister non profit NGO operates benefit from our activities. To this end, 5% of our profits go towards the feeding programs of the Community Based Organizations (CBOs) who are our associates. This program runs throughout the year, not only when school is in session, it ensures that for 365 days a year, the children under these programs have at least one wholesome and nutritious meal a day.
