DAY 1: NAIROBI

On arrival at the Jomo Kenyatta International Airport, you will be met by our representatives and transfer to the hotel Nairobi for check in, dinner and overnight stay. A haven in the city, this Nairobi hotel is ideally located for business, close to the Parliament buildings and next to Kenyatta International Convention Centre. Select from a wide range of dining options, including grilled seafood al fresco on a stunning outdoor pool terrace overlooking Uhuru Park. If exploring is your aim, a range of shopping experiences include luxury malls and Masai open air markets, or for a real taste of Africa, visit nearby Nairobi National Park. This superbly equipped hotel has all the usual leisure facilities including gymnasium, sauna, jacuzzi, Turkish bath and massage service. It also offers the outdoor pursuits of tennis, cycling and golf. However, guests who are a little more adventurous can enjoy a more exotic pastime and embark on a safari into Nairobi's National Park.

DAY 2: NAIROBI – NANYUKI

Drive to Nanyuki, arrive in time for Lunch at the camp/tented camp and check in. Nanyuki is Located on the plains of Mount Kenya, the camp features thirty-nine luxury tents, each with its own private veranda overlooking the water hole. The central Rhino Restaurant is housed in the former manager's house of this once colonial farm, and offers both regional and international cuisine. Also within the house is the Kashoggi Bar and lounge, which centres on a blazing log fire. The Waterhole Bar, built in the style of a game-viewing hide, overlooks the waterhole and offers unrivalled wildlife-watching. Host to all the mem-

bers of the 'Big Five' (elephant, rhino, lion, buffalo and leopard), the conservancy has a higher wild-life-to-area ratio than any Kenyan national park and is one of only four private game conservancies to have been founded in Kenya. At the forefront of the Kenyan conservancy programme, the conservancy boasts the largest black rhino sanctuary in East Africa, hosts the only chimpanzee sanctuary in Kenya, and shelters large numbers of rare and endangered species.

DAY 3: NANYUKI – LAKE NAKURU NATIONAL PARK

After breakfast drive south to Lake Nakuru which is the most famous of the Great Rift Valley lakes and home to a shifting population of over one million flamingos. Arrive in time for lunch at the Camp.

Lake Nakuru National Park is situated in the Rift Valley region of Kenya and comprises of the blue-green Lake Nakuru, bushy grasslands and yellow acacia woodlands, the Great Rift Valley Escarpments hills and ridges. The park's swamps and marshes are home to water birds including the famed pink flamingo and around 450 terrestrial bird species. The buffalo, white rhino, zebra, giraffe, hyena and over 56 mammal species are in abundance. Your stay is in world class lodges such as the spectacular Sarova Lion Hill Lodge or Lake Nakuru lodge. Alternatively you have the option of pitching in special campsites namely Reedbuck, Nyuki, Nyati, Rhino, Soysambu, Chui and Naishi. Public Campsites at Bacpackers and Makalia equally provide additional camping options.

DAY 5: AMBOSELI NATIONAL PARK- NGORONGORO CONSERVANCY

After your breakfast, you will depart for the Ngorongoro National Conservation Area to arrive in time for check in and lunch at the Ngorongoro Wildlife Lodge. Thereafter, you will go for an afternoon game drive of the Ngorongoro crater till late in the evening when you return to your lodge.

This area's main attraction is the Ngorongoro Crater, fondly known as "*Africa's Garden of Eden*". A candidate for the new Seven Wonders of the World, this massive crater holds its own in that category. Being the world's largest unbroken caldera, Ngorongoro is home to over 25,000 animals. It is considered one of the best game viewing spots in the world with a chance to see the big five, zebras and wildebeests. The crater holds almost every individual species of wildlife in East Africa including the extremely rare and critically endangered Black Rhino.

DAY 4: LAKE NAKURU NATIONAL PARK – AMBOSELI NATIONAL GAME RESERVE

After your breakfast, you will begin you journey towards the Amboseli National Park; which is located at the foot of Africa's highest mountain, Mount Kilimanjaro. The snow-capped peak of Mount Kilimanjaro rises above a saucer of clouds and dominates every aspect of Amboseli. This park covers only 150 square miles but despite its small size and its fragile ecosystem it supports a wide range of mammals (well over 50 of the larger species) and birds (over 400 species). Upon arriving Amboseli, you will be transferred to your Hotel for check-in and lunch. After lunch, you will begin your exploration of this great Park with an afternoon game drive. Later as the sun sets, you will be transferred back to your lodge for dinner and overnight.

Overnight: Amboseli Sopa Lodge/ Amboseli Serena Lodge.

Meal Plan: Full Board

DAY 6: NGORONGORO CONSERVANCY- SERENGETI NATIONAL PARK

After breakfast, transfer Serengeti National Park .The vast Serengeti plains cover an area of over 14,763 square kilometers and during the months of the migration, is the habitat of huge numbers of wildebeest, zebra and Thomson's gazelle with estimates of up to 1.5 million. The Serengeti "Kopjes", massive boulder islands of granite standing in a sea of grass, provide shelter to a great variety of plants and animals, from the elusive leopard to the tiny dik dik.

DAY 7: SERENGETI NATIONAL PARK -

After breakfast, enjoy a full day's game driving (meals taken in true safari style 'in the bush') in the vast and sensational Serengeti, which covers 14,763 sq km of endlessly rolling savannah. Venue for 'the greatest wildlife show on Earth', the annual migration of over one million wildebeest, the park is also renowned for its lions, cheetahs, zebras, giraffes and plains game. Overnight at the lodge.

DAY 8 : SERENGETI NATIONAL PARK - NAIROBI

After breakfast you will be transferred to Seronera airstrip for your flight to Kilimanjaro, where you will connect your flight to Nairobi. On arrival in Nairobi you will be met by our representative who will transfer you to the hotel, freee until time for dinner at Carnivore restaurant.

After breakfast, transfer to JKIA for your flight back home.

CORPORATE SOCIAL RESPONSIBILITY

Travel For Change as an organization believes that we have a moral duty of improving the living conditions of our communities. To this end we actively participate in the uplifting of the standards of women and children in the rural areas where our affiliate non profit NGO also named Travel For Change - Reg. No. OP.218/051/15-027/9879 operates.

Good health is important for the growth of children of all ages. Unfortunately in Africa it is shocking that six out of every ten children are fighting with health problems associated with food and nutrition. While many families can put food on their tables for less than US\$ 1 per day, this food is lacking the nutrients required for proper growth of children, leading to malnutrition which is very severe in some cases. As part of our Corporate Social Responsibility, Travel For Change is committed to ensuring that the children in the areas where our sister non profit NGO operates benefit from our activities. To this end, 5% of our profits go towards the feeding programs of the Community Based Organizations (CBOs) who are our associates. This program runs throughout the year, not only when school is in session, it ensures that for 365 days a year, the children under these programs have at least one wholesome and nutritious meal a day.

+254 71 035 1604

DAY1: Nairobi/Amboseli National Park.

Pick up at 7.30am the drive to Amboseli National Park, arrive in time for lunch then have an afternoon game drive. Crowned by Mount Kilimanjaro, Africa's highest peak, the Amboseli National Parks is one of Kenya's most popular parks. The name "Amboseli" comes from a Maasai word meaning "salty dust", and it is one of the best places in Africa to view large herds of elephants up close. Nature lovers can explore five different habitats here ranging from the dried-up bed of Lake Amboseli, wetlands with sulphur springs, the savannah and woodlands. One can also visit the local Maasai community who live around the park and experience their authentic culture. Dinner and Overnight at Campsite/Lodge.

DAY3: Amboseli National Park/Lake Naivasha

After breakfast optional morning game drive then drive to Lake Naivasha. Arrive in time for lunch then have an afternoon game drive at Crescent Island. It is private, secure and patrolled by Guides who can accompany anyone who wishes a guided walk. Surrounded by water, it is actually a peninsular and is accessible by boat from East or West as well as by road. The shores host abundant birdlife especially huge numbers of pelicans, cormorants and fish-eagles with their haunting cry. It is not fenced to allow the wildlife on the mainland to come in as they lose their habitat to development and the ever increasing population. Dinner and Overnight at Campsite/Lodge.

DAY4: Lake Naivasha/Masai Mara National Reserve.

After breakfast we drive to Masai Mara, arrive in time for lunch then afternoon game drive. Maasai Mara is situated in south-west Kenya and is one of Africa's Greatest Wildlife Reserves. The Kilimanjaro Climb

Marangu Route

<http://www.travelforchangeafrica.org>

info@travelforchangeafrica.org

+254 71 035 1604

DAY 1: Arrival at Kilimanjaro International Airport.

You will be met at the airport and transferred to Springlands Hotel/Any other booked Hotel – Moshi.

DAY 2: Marangu Gate (6000ft) – Mandara Hut (9000 ft)

Hiking time: 4 hours | Habitat: Montane forest

Leave Moshi town about 0900hrs and drive to about 45 minutes to Marangu Gate on the eastern side of Kilimanjaro. Do the necessary paperwork at the park gate such as registrations. Begin hiking at about 1030hrs. Hike through rainforest from the park gate (6000 ft) to Mandara Hut (9000 ft), taking about 4 hours. Stop half way for lunch. Reach Mandara Huts at about 2 or 3 PM. Unpack, rest and have some tea or coffee. Dinner is served during early evening, about 7 PM. A side trip to Maundi Crater (about 15 minutes away) is a good way to see the surroundings as well as views of Kenya and Northern Tanzania. Bathrooms are available with running water.

DAY 3: Mandara Hut (9000 ft) – Horombo Huts (12000 ft)

Hiking time: 6 hours | Habitat: Heathland

Wake to breakfast (approx. 7:30 am) and pack for the next leg. Break camp at about 8:30 am and hike to Horombo Huts (12,000 ft). This leg should take 5 to 6 hrs. You travel through lower heath land with small shrubs being the main vegetation. Stop half way for lunch. Views of Mawenzi are amazing. The summit of Kibo can be seen from Horombo Huts. Arrive Horombo Huts at about 3 PM. Rest, unpack and prepare for dinner. Bathrooms are available with running water.

DAY 4: Horombo Huts (12,000 ft) – Kibo Huts (15,500 ft)

Hiking time: 7 hours | Habitat: Alpine Desert

Wake to breakfast as usual (if you wake before sunup you can get some great photos of the sunrise). Pack and begin the hike to Kibo Huts (15,500 ft). The first half of the day's hike traverses the upper heath land while the second half crosses the vast saddle that connects Mawenzi and Kibo. The saddle is an alpine desert that resembles a lunar landscape. Be careful to notice signs of altitude sickness. The day's hike should take 6 to 7 hours, stopping half way for lunch. No running water at Kibo Huts.

DAY 5: SUMMIT DAY (19,340 ft)

Hiking time: 7 hours | Habitat: Alpine Desert

Wake at around midnight to a light breakfast, and then prepare for the summit ascent. This part of the hike is carried out during the early morning before dawn so that the climbers reach Uhuru Peak at around sunrise. Leave at about 1:00am and reach Gilman's Point at about 7:00am. The climbers are met with views of the crater from Gilman's Point because it is on the Crater Rim. Another 2 hours of hiking brings the climber to Uhuru Peak (19,340 ft) at about 8:30 am. From there you will descend back to Kibo Huts, collect your things and cross the saddle again at Horombo Huts where you will spend the night. Eat dinner and get some well-deserved sleep.

DAY 6: Descending from Horombo to the Marangu Gate

Wake as usual, pack and descend to Mandara Huts. Take lunch there and continue on to the park gate where you will be met by your transport back to Moshi. You should reach the park gate around 2 or 3 PM. Wake as usual, pack and descend to Mandara Huts. Take lunch there and continue on to the park gate where you will be met by your transport back to Moshi. You should reach the park gate around 2 or 3 PM. You now drive back to Moshi for a long overdue hot shower, Overnight in Springlands hotel. It is recommended and tips are highly appreciated at the end of their trip. Tips can be given to the Guide at Springlands Hotel. This is also where successful climbers receive their summit certificates. Those climbers who reached Stella Point (5685m) are issued with green certificates and those who reached Uhuru Peak (5895m) receive gold certificates. Dinner included.

DAY 7: Departure

Depart to the airport for your flight back home.

**Tsavo West — Amboseli
Lake Nakuru — Masai Mara**

<http://www.travelforchangeafrica.org>
info@travelforchangeafrica.org
+254 71 035 1604

Day1: Nairobi/Tsavo West National Park

Pick up at 7.30am the drive to Tsavo West National Park, arrive in time for lunch then have an afternoon game drive. Tsavo West National Park is more mountainous and wetter than its counterpart, with swamps, Lake Jipe and the Mzima Springs. It is known for bird life and for its large mammal's e.g. black rhino, Cape buffalo, elephant, leopard, hippo and Masai lion. There are also other smaller animals that can be spotted in the park, such as the bush baby, hartebeest, lesser kudu and Masai giraffe. Dinner and Overnight at Campsite/Lodge.

Day2: Tsavo West National Park

Full day game drive with packed lunch provided.

**Day3: Tsavo West National Park/
Amboseli National Park.**

Morning game drive in Tsavo then drive to Amboseli National Park. Crowned by Mount Kilimanjaro, Africa's highest peak, the Amboseli National Parks is one of Kenya's most popular parks. The name "Amboseli" comes from a Masai word meaning "salty dust", and it is one of the best places in Africa to view large herds of elephants up close. Nature lovers can explore five different habitats here ranging from the dried-up bed of Lake Amboseli, wetlands with sulphur springs, the savannah and woodlands. One can also visit the local Masai community who live around the park and experience their authentic culture. Dinner and Overnight at Campsite/Lodge.

Day4: Amboseli National Park/Nairobi.

Full day game drive with packed lunch provided. Amboseli offers some of the best opportunities to see African wildlife because the vegetation is sparse due to the long dry months. Amboseli National Park is home to many species apart from African elephant, that include cape buffalo, impala, lion, cheetah, spotted hyena, giraffe, zebra and wildebeest among other African animals. There is also a host of Kenyan birds, both large and small, to see if you keep your eyes open and stop at every sighting. Dinner and Overnight at Campsite/Lodge.

Day5: Amboseli National Park/ Lake Nakuru National Park.

After breakfast, optional game drive in Amboseli then drive to Lake Nakuru National Park. Have lunch en-route, have an afternoon game drive. On the floor of the Great Rift Valley, surrounded by wooded and bushy grassland, lies the beautiful Lake Nakuru National Park. Visitors can enjoy the wide ecological diversity and varied habitats that range from Lake Nakuru itself to the surrounding escarpment and picturesque ridges. Lake Nakuru National Park is ideal for bird watching, hiking, picnic and game drives. The lake's level dropped dramatically in the early 1990s but has since largely recovered. In 2013, the lake received an alarming increase in the water levels that led to the migration of flamingos to Lake Boga in search for food supply.

Day6: Lake Nakuru National Park/ Masai Mara National Reserve.

After breakfast we drive to Masai Mara, arrive in time for lunch then afternoon game drive. Masai Mara is situated in south-west Kenya and is one of Africa's Greatest Wildlife Reserves. Together with the Serengeti National Park in Tanzania it forms Africa's most diverse, incredible and most spectacular eco-systems and possibly the world's top safari big game viewing eco-system. Dinner and Overnight at Campsite/Lodge.

Day7: Masai Mara

Full day game drive with packed lunch provided. Masai Mara National Reserve stretches 1,510 sq km (580 sq miles) and raises 1,500-2,170 meters above sea level. Add the conservancies and the area is at least twice the size. It hosts over 95 species of mammals and over 570 recorded species of birds. CORPORATE SOCIAL RESPONSIBILITY

Travel For Change as an organization believes that we have a moral duty of improving the living conditions of our communities. To this end we actively participate in the uplifting of the standards of women and children in the rural areas where our affiliate non profit NGO also named Travel For Change - Reg. Good health is important for the growth of children of all ages. Unfortunately in Africa it is shocking that six out of every ten children are fighting with health problems associated with food and nutrition. While many families can put food on their tables for less than US\$ 1 per day, this food is lacking the nutrients required for proper growth of children, leading to malnutrition which is very severe in some cases. As part of our Corporate Social Responsibility, Travel For Change is committed to ensuring that the children in the areas where our sister non profit NGO operates benefit from our activities. Day1: Nairobi/Tsavo East National Park

Tsavo is made up of two separate parks, Tsavo East National Park and Tsavo West National Park. The A109 road Nairobi-Mombasa and a railway divides them. Tsavo East National Park is one of the oldest parks in Kenya, located South East of Kenya near the Town of Voi in the Taita-Taveta District of Coast Province, inland from the Coast, it is 13,747 sq.km. The slightly larger Tsavo East is generally flat, with dry plains across which the Galana River flows. Other features include the Yatta Plateau and Lugard Falls. Dinner and Overnight at Campsite/Lodge.

Day2: Tsavo West National Park

Today we have a full day game drive with packed lunch provided at Tsavo West National Park. It is located in the Coast Province of Kenya covering an area of 9,065 sq.km. The park was opened in April 1948. It is more mountainous and wetter than its counterpart, with swamps, Lake Jipe and the Mzima Springs. It is known for bird life and for its large mammal's e.g. black rhino, Cape buffalo, elephant, leopard, hippo and Masai lion. There are also other smaller animals that can be spotted in the park, such as the bush baby, hartebeest, lesser kudu and Maasai giraffe. Dinner and Overnight at Campsite/Lodge.

Day3: Tsavo West National Park/Nairobi

Morning game drive then we drive back to Nairobi.

The Great Rift Valley & Mara

Lake Nakuru — Lake Naivasha — Masai Mara

<http://www.travelforchangeafrica.org>

info@travelforchangeafrica.org

+254 71 035 1604

Day1: Nairobi/Lake Nakuru National Park

Pick up at 7.30 am then drive to Lake Nakuru National Park. On the floor of the Great Rift Valley, surrounded by wooded and bushy grassland, lies the beautiful Lake Nakuru National Park. Visitors can enjoy the wide ecological diversity and varied habitats that range from Lake Nakuru itself to the surrounding escarpment and picturesque ridges. Lake Nakuru National Park is ideal for bird watching, hiking, picnic and game drives. The lake's level dropped dramatically in the early 1990s but has since largely recovered. In 2013, the lake received an alarming increase in the water levels that led to the migration of flamingos to Lake Bogoria in search for food supply. Dinner and Overnight at Campsite/Lodge

Day2: Lake Nakuru/Masai Mara

After breakfast we drive to Masai Mara, arrive in time for lunch then afternoon game drive. Maasai Mara is situated in south-west Kenya and is one of Africa's Greatest Wildlife Reserves. Together with the Serengeti National Park in Tanzania it forms Africa's most diverse, incredible and most spectacular eco-systems and possibly the world's top safari big game viewing eco-system. Dinner and Overnight at Campsite/Lodge.

Day3: Masai Mara

Full day game drive with packed lunch provided. Maasai Mara National Reserve stretches 1,510 sq km (580 sq miles) and raises 1,500-2,170 meters above sea level. Add the conservancies and the area is at least twice the size. It hosts over 95 species of mammals and over 570 recorded species of birds. This is the World Cup of Wildlife, and together with the Serengeti National Park there is no better place to witness the **BEST WILDLIFE VIEWING IN THE WORLD**. Dinner and Overnight at Campsite/Lodge.

Day4: Masai Mara National Reserve/Lake Naivasha.

Wake up at 6am for a sunrise game drive in Mara, drive back to accommodation for brunch then drive to back to Lake Naivasha. Arrive in time for lunch then have an afternoon game drive at Crescent Island. It is private, secure and patrolled by Guides who can accompany anyone who wishes for guided walk. Surrounded by water, it is actually a peninsular and is accessible by boat from East or West as well as by road. The shores host abundant birdlife especially huge numbers of pelicans, cormorants and fish-eagles with their haunting cry. It is not fenced to allow the wildlife on the mainland to come in as they lose their habitat to development and the ever increasing population. Dinner and Overnight at Campsite/Lodge.

Day5: Lake Naivasha/Nairobi

After breakfast drive back to Nairobi.

+254 71 035 1604

Day1: Nairobi/Amboseli National park.

Pick up at 7.30am the drive to Amboseli National Park, arrive in time for lunch then have an afternoon game drive. Crowned by Mount Kilimanjaro, Africa's highest peak, the Amboseli National Parks is one of Kenya's most popular parks. The name "Amboseli" comes from a Maasai word meaning "salty dust", and it is one of the best places in Africa to view large herds of elephants up close. Nature lovers can explore five different habitats here ranging from the dried-up bed of Lake Amboseli, wetlands with sulphur springs, the savannah and woodlands. One can also visit the local Maasai community who live around the park and experience their authentic culture. Dinner and Overnight at Campsite/Lodge.

Day2: Amboseli National Park.

Full day game drive with packed lunch provided. Amboseli offers some of the best opportunities to see African wildlife because the vegetation is sparse due to the long dry months. Amboseli National Park is home to many species apart from African elephant, that include cape buffalo, impala, lion, cheetah, spotted hyena, giraffe, zebra and wildebeest among other African animals. There is also a host of Kenyan birds, both large and small, to see if you keep your eyes open and stop at every sighting. Dinner and Overnight at Campsite/Lodge.

Day3: Amboseli National Park/Nairobi.

Morning game drive then drive back to Nairobi.

Day1: Nairobi/Samburu National Reserve

Pick up at 7.30am the drive to Samburu National Park, arrive in time for lunch then have an afternoon game drive. Samburu National Reserve is a rugged and semi-desert park located in Samburu district in the Rift Valley Province of Kenya. The park neighbors the homes of the Samburu tribe of Kenya, a tribe known for their remote culture, pastoral and nomadic way of life. Due to its remote distance and the fact that it was inaccessible for many years, the park has retained a naturally serene and quiet feeling. Besides the numerous wildlife found in this game reserve, the park is also a bird haven. Dinner and Overnight at Campsite/Lodge.

Day2: Samburu National Reserve

Today we have a full day game drive in the reserve with packed lunch provided. There is a wide variety of animal and bird life seen at Samburu National Reserve. Several large game species common to Kenya's northern plains can be found in abundance here, including the following dry-country fauna: gerenuk, Grevy's zebra, oryx and reticulated giraffe. All three big cats, Masai lion, Tanzanian cheetah and leopard, can also be found here, as well as elephants, buffalo and hippos. Other mammals frequently seen in the park include olive baboon, warthogs, Grant's gazelle, Kirk's dik-dik, impala, and waterbuck. Rhinos are no longer present in the park due to heavy poaching. There are over 350 species of bird. These include grey-headed kingfisher, sunbirds, bee-eaters, Marabou stork, tawny eagle, Verreaux's eagle, bateleur, vulturine guineafowl, yellow-necked spurfowl, lilac-breasted roller, secretary bird, superb starling, red-billed hornbill, yellow-billed hornbill, and various vultures including the palm-nut vulture. The Ewaso Ng'iro river contains large numbers of Nile crocodile.

Day3: Samburu National Reserve/ Aberdare National Park

After breakfast we drive to Aberdare National Park. Arrive in time for lunch then transfer to the Park. Picturesque, steep forested ravines and open moorland characterise the Aberdare National Park. The park provides a habitat for elephants, black rhinos, leopards, spotted hyenas, olive baboons, black and white colobus monkeys, buffalos, warthogs and bushbucks among others. Rare sightings include those of the Giant Forest hog, bongo, golden cat, serval cat, African wild cat, African civet cat and the blue duiker. Visitors can indulge in picnics, trout fishing in the rivers and camping in the moorlands. Bird viewing is rewarding, with over 250 species of birds in the park, including the Jackson's Francolin, Sparrow hawks, goshawks, eagles, sunbirds and plovers. Dinner and Overnight at Lodge.

Day4: Aberdare National Park/ Lake Nakuru National Park

After breakfast we drive to Lake Nakuru National Park. On the floor of the Great Rift Valley, surrounded by wooded and bushy grassland, lies the beautiful Lake Nakuru National Park. Visitors can enjoy the wide ecological diversity and varied habitats that range from Lake Nakuru itself to the surrounding escarpment and picturesque ridges. Lake Nakuru National Park is ideal for bird watching, hiking, picnic and game drives. The lake's level dropped dramatically in the early 1990s but has since largely recovered. In 2013, the lake received an alarming increase in the water levels that led to the migration of flamingos to Lake Bogoria in search for food supply. Dinner and Overnight at Campsite/Lodge.

DAY 1: ARUSHA

Jambo! Upon arrival at Kilimanjaro airport, you will be met by your guide who will greet you and assist with the transfer to hotel for overnight.

DAY 2: LAKE MANYARA

After breakfast, depart to the beautiful Lake Manyara, a shallow alkaline lake that shimmers in a cleft in the Great Rift Valley. You will arrive for lunch at your lodge followed by afternoon game drive. Spend the night at Lake Manyara Serena Lodge which stands on the edge of the escarpment, overlooking the lake.

Tucked below the majesty of the Rift Valley wall, Lake Manyara National Park consists of a thin green band of forest, flanked by the sheer 600 m high red and brown cliffs of the escarpment on one side and by the white-hot shores of an ancient soda lake on the other. Acacia woodland shelters the park's famous tree climbing lions, lying languidly among the branches in the heat of the day. Lake Manyara safaris offers many unique views including elephant, giraffe, buffalo and wildebeest can be found grazing in unexpected clearings or heading towards the water to drink or wash, and the rivers and riverbeds provide scenic vistas for possible animal spotting.

DAY 3 & 4: SERENGETI NATIONAL PARK

This morning departure for Serengeti National Park with a stop en-route at Olduvai Gorge. Olduvai is the famous archeological site where Leakey discovered remains of Australopithecus, Homo habilis and Homo erectus, bringing crucial understanding to the study of the evolution of the human species.

From Olduvai set off to the "Great Serengeti", likely the most famous wildlife sanctuary in the world.

Arrive with a game viewing drive en route to your camp. On the second day & third day, you will have morning and afternoon game viewing drive with all meals and overnight at the camp.

The vast Serengeti plains cover an area of over 14,763 square kilometers and during the months of the migration, is the habitat of huge numbers of wildebeest, zebra and Thomson's gazelle with estimates of up to 1.5 million. The Serengeti "Kopjes", massive boulder islands of granite standing in a sea of grass, provide shelter to a great variety of plants and animals, from the elusive leopard to the tiny dik dik.

DAY 5 & 6: NGORONGORO CONSERVATION AREA

You will have a game viewing drive as you depart Serengeti. Continue to Ngorongoro Crater Conservation Area (NCCA), which features rolling plains, lakes, craters, mountains and dormant volcanoes. On arrival, you will be transferred to Ngorongoro Farm House your home for the next two days. On the second day, descend into the '8th Wonder of the World', a unique biosphere that has remained virtually unchanged since the dawn of time.

Enclosed within its towering walls are grasslands, swamps, forests, salt pans, a fresh water lake and a glorious variety of birdlife. Here too are all the members of the 'Big Five' (lion, elephant, rhino, leopard and buffalo) as well as a large cast of plains game and one of Africa's densest populations of predators. Enjoy a picnic lunch on the crater floor before driving back to your lodge for relaxation before dinner.

DAY 7: DEPARTURE

This morning after breakfast you will be transferred to Kilimanjaro airport for your International flight back home. Optional extensions to Zanzibar, Kilimanjaro, Rwanda or Maasai Mara are available on request basis.

CORPORATE SOCIAL RESPONSIBILITY

Travel For Change as an organization believes that we have a moral duty of improving the living conditions of our communities. To this end we actively participate in the uplifting of the standards of women and children in the rural areas where our affiliate non profit NGO also named Travel For Change - Reg. No. OP.218/051/15-027/9879 operates.

Good health is important for the growth of children of all ages. Unfortunately in Africa it is shocking that six out of every ten children are fighting with health problems associated with food and nutrition. While many families can put food on their tables for less than US\$ 1 per day, this food is lacking the nutrients required for proper growth of children, leading to malnutrition which is very severe in some cases. As part of our Corporate Social Responsibility, Travel For Change is committed to ensuring that the children in the areas where our sister non profit NGO operates benefit from our activities. To this end, 5% of our profits go towards the feeding programs of the Community Based Organizations (CBOs) who are our associates. This program runs throughout the year, not only when school is in session, it ensures that for 365 days a year, the children under these programs have at least one wholesome and nutritious meal a day.

Tanzania Safari 2

Tarangire — Manyara — Ngorongoro

<http://www.travelforchangeafrica.org>

DAY 1: ARUSHA

Jambo! Upon arrival at Kilimanjaro airport, you will be met by your guide who will greet you and assist with the transfer to hotel for overnight.

DAY 2: TARANGIRE NATIONAL PARK

Start your exploration of this beautiful country as you depart for Tarangire National Park. Arrive in time for lunch at Roika Tented Lodge nestled on the banks of Tarangire River. You will have an afternoon game viewing drive before returning for dinner and overnight.

This is a year-round park with distinct seasons offering different experiences, from dusty, dry and baking with animals clustered around the rapidly reducing river, to the fecund green season full of new-born animals and chattering birds. A lot of migratory animals aim to reside here during the dry season. You can see groups and herds of animals like 600 elephants followed by zebras, buffalos and oryxes who ventured from the Maasai to the Tarangire in search for water. There are also a few lions prowling around and looking for unsuspecting preys around the jungle. Some of the other animals that you may see here are antelopes, warthogs, hippos, cheetahs, leopards, foxes, jackals and waterbucks.

DAY 3: LAKE MANYARA NATIONAL PARK

After breakfast, depart to the beautiful Lake Manyara, a shallow alkaline lake that shimmers in a cleft in the Great Rift Valley. You will arrive for lunch at your lodge followed by afternoon game drive. Spend the night at Lake Manyara Hotel which stands on the edge of the escarpment, overlooking the lake.

Tucked below the majesty of the Rift Valley wall, Lake Manyara National Park consists of a thin green band of forest, flanked by the sheer 600 m high red and brown cliffs of the escarpment on one side and by the white-hot shores of an ancient soda lake on the other. Acacia woodland shelters the park's famous tree climbing lions, lying languidly among the branches in the heat of the day. Lake Manyara safaris offers many unique views including elephant, giraffe, buffalo and wildebeest can be found grazing in unexpected clearings or heading towards the water to drink or wash, and the rivers and riverbeds provide scenic vistas for possible animal spotting.

DAY 4: NGORONGORO CONSERVATION AREA

Early this morning departure to Ngorongoro Crater Conservation Area (NCCA), which features rolling plains, lakes, craters, mountains and dormant volcanoes. Arrive and descend into the '8th Wonder of the World', a unique biosphere that has remained virtually unchanged since the dawn of time. You will also have picnic lunch at the crater floor before later climbing up and transferred to Ngorongoro Wildlife Lodge for overnight.

Enclosed within its towering walls are grasslands, swamps, forests, salt pans, a fresh water lake and a glorious variety of birdlife. Here too are all the members of the 'Big Five' (lion, elephant, rhino, leopard and buffalo) as well as a large cast of plains game and one of Africa's densest populations of predators. Enjoy a picnic lunch on the crater floor before driving back to your lodge for relaxation before dinner.

DAY 5: DEPARTURE

This morning after breakfast you will be transferred to Kilimanjaro airport for your International flight back home. Optional extensions to Zanzibar, Kilimanjaro, Rwanda or Maasai Mara are available on request basis.

Tsavo West / Amboseli

Tsavo West — Amboseli

<http://www.travelforchangeafrica.org>
info@travelforchangeafrica.org
+254 71 035 1604

Day1: Nairobi/Tsavo West National Park

Pick up at 7.30am the drive to Tsavo West National Park, arrive in time for lunch then have an afternoon game drive. Tsavo West National Park is more mountainous and wetter than its counterpart, with swamps, Lake Jipe and the Mzima Springs. It is known for bird life and for its large mammal's e.g. black rhino, Cape buffalo, elephant, leopard, hippo and Masai lion. There are also other smaller animals that can be spotted in the park, such as the bush baby, hartebeest, lesser kudu and Maasai giraffe. Dinner and Overnight at Campsite/Lodge.

Day2: Amboseli National Park.

Full day game drive with packed lunch provided. Amboseli offers some of the best opportunities to see African wildlife because the vegetation is sparse due to the long dry months. Amboseli National Park is home to many species apart from African elephant, that include cape buffalo, impala, lion, cheetah, spotted hyena, giraffe, zebra and wildebeest among other African animals. There is also a host of Kenyan birds, both large and small, to see if you keep your eyes open and stop at every sighting. Dinner and Overnight at Campsite/Lodge.

Day3: Amboseli National Park/Nairobi.

Morning game drive then drive back to Nairobi.

Mount Kenya

Mt Kenya — Chogoria — Naromoru

<http://www.travelforchangeafrica.org>

info@travelforchangeafrica.org

+254 71 035 1604

**Day 1: Nairobi- Mt Kenya Bandas
(2,900m) 3hrs, 10km walk, 950m ascent**

Depart from Nairobi at 0800hrs, driving through agricultural country up to Chogoria town for lunch. After lunch, we take 4x4 and drive up to the edge of the bamboo forest where we start our trekking through the dense bamboo forest for distance of 10 km up to the Mt Kenya Bandas. Dinner and overnight at the Mount Kenya Bandas.

**Day 2: Mt Kenya Bandas –
Lake Ellis Campsite (3,600m)
3hrs, 9km, 700m ascent.**

After breakfast and sorting of porter loads we set off up the mountain at a nice and easy pace, this will be a slightly longer walk via Lake Ellis which gives scenic views of Mugi, Ithanguni and the Giants Billiards table. whilst if we follow the river near road head, upstream for about 3 km, the foreground scenery and flora is particularly beautiful. Lunch is served on the banks of a stream, then it's time to cut up the left hand hillside to our camp at about 3,600m.

**Day 3: Lake Ellis- Minto`s Camp.
(4,200m) 4 hrs, 12km, 600m ascent.**

After breakfast we set off the beaten track to follow a ridge up the mountain for about 3 hours to eventually join the tourist track on the normal Chogoria route at an altitude of about 4,100m. Breath taking views over the Gorges Valley and back over towards Ithanguni and the Northern Moorlands.

Lunch is served at a small stream crossing, before continuing for a further hour to the Mintos Hut area at 4200m and our night's rest.

Afternoon is spent relaxing at camp, though a 10 minute walk to the "Temple" is well worth the effort. This is a 150 meters' vertical cliff that gets its name from the position visitors often adopt when peering over the edge – they look as if they are praying.

**Day 4: Minto`s – Austrian hut 4,700m
(top hut) 4 hrs, 7km, 500m ascent.**

Today we begin our trek ascending up along the foot of huge rock walls. From the top we'll have an excellent view of Mt. Kenya. After ascending for a couple of hours you reach Tooth Col. From here you traverse until you reach the Austrian Hut for dinner and overnight.

**Day 5: Austrian camp – Pt Lenana
– met station 7hrs, 20km, 285m
ascent – 1,400m descent.**

Leave at 5.00am for predawn attempt, climbing for 1 hour across bare rock and scree slopes characteristic of the alpine region up to Pt Lenana – the hiker's summit, arriving in time to catch the African sunrise.

Descend to mackinders camp for breakfast and a short rest. After breakfast we begin a 5 hour descent via terekis valley to the met station camp (3,300m). The descent is gentle and it offers ample time to enjoy fascinating scenery which includes the Moorland and the vertical bogs arriving in time for lunch. Dinner and overnight at the Met Station camp.

**Day 6: met station camp – Nairobi.
2 hrs, 9km, 680m descent.**

After early morning breakfast, descend for 3 hours through the rain forest to the Naru moru Park gate to catch a vehicle for the return journey to Nairobi arriving early evening.

Mt Sirimon

Sirimon — Naromoru

<http://www.travelforchangeafrica.org>

info@travelforchangeafrica.org

+254 71 035 1604

Day 1: Nairobi - Old Moses camp (3,300m)

After pick up in Nairobi drive to the Sirimon Park gate (8,700 ft). From the gate, we trek up through magnificent montane forest, bamboo and giant heather zone before reaching the high altitude moorland and our first hut Old Moses camp) for dinner and overnight. This is a gentle trek that takes 3 - 4 hrs gaining an elevation of 680m.

Day 2: Old Moses - Shipton camp (4,200m)

After breakfast, follow the track uphill, forking right at the junction. After a water break, we continue on the track crossing Ontulili River before turning right contouring through the Moorland and crossing Liki North River and continue uphill to Mackinders Valley from where there are panoramic views up the valley towards the Shipton Camp. This camp is a surreal setting below towering peaks and glacier. Resident population is of Rock hyrax and sunbirds. Dinner and overnight at the camp.

Day 3: Full Day acclimatization.

For better acclimatization you can take a rest day at the Shipton camp. Short walks/day hikes are possible on the summit climb to Oblong and Hausberg tarns gaining an elevation of 370m before returning to the camp for lunch. Afternoon is at leisure.

N.B: Climbing high and sleeping low is excellent for acclimatization – but you can do that almost as well toughing in the sun watching the eagles!

Day 4: Shipton - Pt Lenana (4,985m)

Met Station Kick off at 3.am to reach pt Lenana in time for the African sunrise. The climb starts on frozen scree and continues on a rocky track with some very minor scrambling. With a good Moon you barely need a torch. Without a Moon, then the pollution-free sky bangs on the ground giving you as good view of the stars as almost anywhere on Earth.

The climb takes 3 - 4 hrs and to add to the exhilaration, Mt. Kilimanjaro is also visible from the horizon. Descend to Mackinders camp for full breakfast. After a short rest descend further to Met Station via the Moorland and the vertical bogs arriving in time for lunch. Dinner and overnight at the Met Station cabins.

Day 5: Met station (3,000m) - Nairobi.

After early morning breakfast, descend for 3 hours through the rain forest to the Naru moru Park gate to catch a vehicle for the return journey to Nairobi arriving early at around 3 o'clock.
